Proposal 3: Determination of Remuneration for Allotment of Restricted Shares for Directors (excluding Outside Directors)

At the 105th Ordinary General Meeting of Shareholders held on June 29, 2004, the amount of remuneration for Directors of the Company was set at 240 million yen or less per year, and at the 107th Ordinary General Meeting of Shareholders held on June 29, 2006, the Company resolved that the amount of remuneration for Directors of the Company (excluding Outside Directors) in the form of share acquisition rights as share remuneration-type share options be limited to 35 million yen per year, separate from the amount of remuneration for the above-mentioned Directors (excluding employee salaries for Directors who are also employees).

As part of the review of the remuneration system for Directors (and other officers), in order to further share the benefits and risks of share price fluctuations with shareholders and to increase their motivation to contribute to the increase in the share price and the enhancement of corporate value, the Company proposes to allot ordinary shares of the Company to Directors (excluding Outside Directors; hereinafter referred to as “Eligible Directors”) as described below subject to a certain period of restriction on transfer and with provisions outlining the grounds for share acquisition by the Company without consideration (hereinafter referred to as “Restricted Shares”).

Consequently, the above provision on the amount of remuneration in the form of share acquisition rights as share remuneration-type share options shall be abolished, and in its place, the total amount of monetary remuneration claims to be paid to the Eligible Directors as remuneration for Restricted Shares shall be set to an amount not exceeding 35 million yen per year (excluding employee salaries for Directors who are also employees). The allotment of Restricted Shares was determined by comprehensively taking into consideration various matters, including the ratio of monetary and share-based remuneration in the Company’s remuneration for Directors, the degree of contribution by the Eligible Directors, and the level of remuneration for Directors at listed companies, and we believe that the content of the allotment is appropriate.

In addition, subject to the approval of this proposal, no share acquisition rights will be issued thereafter in accordance with the stipulations on the amount of remuneration in the form of share acquisition rights as share remuneration-type share options described above.

The Company currently has six (6) Directors (including three (3) Outside Directors), and if Proposal 1 is approved, the number of Directors will be six (6) (including three (3) Outside Directors).

Specific Details and Maximum Number of Restricted Shares to be Transferred to Eligible Directors

1. Allotment of Restricted Shares and Payment

The Company shall, based on a resolution of the Board of Directors of the Company, provide monetary remuneration claims to the Eligible Directors within the range of the above annual amount as remuneration related to the Restricted Shares, and each Eligible Director shall receive an allotment of the Restricted Shares by granting all of such monetary remuneration claims in the form of an in-kind contribution.

The amount to be paid in for the Restricted Shares shall be determined by the Board of Directors of the Company based on the closing price of the ordinary shares of the Company on the Tokyo Stock Exchange on the business day immediately preceding the day of the resolution of the Board of Directors of the Company regarding the issuance or disposal of such shares (or, if no trading is conducted on that day, the closing price of the immediately preceding business day), to the extent that the amount is not particularly advantageous to the Eligible Directors who receive such Restricted Shares.

The above monetary remuneration claims shall be paid on the condition that the Eligible Directors have consented to the above-mentioned contribution in kind and that they have executed an allotment agreement of Restricted Shares that includes the details set forth in 3. below.

2. Total Number of Restricted Shares

The 15,000 total Restricted Shares to be allotted to the Eligible Directors shall be the maximum number of Restricted Shares to be allotted in each fiscal year.

In the event of a stock split or reverse stock split of the Company’s ordinary shares after the date of resolution of this proposal (including share allotment without consideration of the Company’s ordinary shares), or in the

event that the total number of shares with restricted transfer to be allotted needs to be adjusted in accordance with such cases, the total number of such Restricted Shares may be reasonably adjusted.

3. Details of the Restricted Shares Allotment Agreement

Upon the allotment of the Restricted Shares, an allotment agreement for Restricted Shares to be concluded between the Company and the Eligible Directors receiving the allotment of Restricted Shares in accordance with a resolution of the Board of Directors of the Company shall include the following details.

(1) Details of Transfer Restrictions

Eligible Directors who have received an allotment of Restricted Shares may not transfer to third parties, pledge, create a security interest in, make a living will, bequeath, or engage in any other act of disposition (hereinafter referred to as “Transfer Restrictions”) of the Restricted Shares allocated to them (hereinafter referred to as “Allotted Shares”) to a third party during the period from the date of delivery of the Restricted Shares to the date of retirement from either the position of Director or Executive Officer of the Company (hereinafter referred to as “Restriction Period”).

(2) Acquisition of Restricted Shares Without Consideration

If an Eligible Director who has been allotted Restricted Shares resigns from his or her position as either a Director or an Executive Officer of the Company on or after the commencement date of the Restriction Period until the day before the date of the first Ordinary General Meeting of Shareholders of the Company, the Company shall, unless there are reasons that the Company’s Board of Directors deems justifiable, automatically acquire such Allotted Shares without consideration.

In addition, if there are any Allotted Shares for which Transfer Restrictions have not been lifted in accordance with the provisions on reasons for lifting the Transfer Restrictions in (3) below at the time that Restriction Period in (1) above expires, the Company shall automatically acquire them without consideration.

(3) Lifting of Transfer Restrictions

The Company may, on the condition that the Eligible Director who has received the allotment of Restricted Shares has remained in the position of Director or Executive Officer of the Company continuously from the commencement date of the Restriction Period until the date of the first Ordinary General Meeting of Shareholders of the Company, lift the Transfer Restrictions on all of the Allotted Shares upon expiration of the Restriction Period.

However, if such Eligible Director resigns from his or her position as either Director or Executive Officer of the Company by the day before the date of the first Ordinary General Meeting of Shareholders of the Company that comes after the commencement date of the Restriction Period for reasons that the Board of Directors of the Company deems justifiable, the Company shall reasonably adjust the number of the Allotted Shares on which the Transfer Restrictions are to be lifted, and the timing of lifting as needed.

(4) Treatment During Reorganization, etc.

If, during the Restriction Period, proposals relating to a merger agreement in which the Company is the disappearing company, a share exchange agreement or share transfer plan in which the Company becomes a wholly owned subsidiary, or other reorganization, etc. are approved at the Company’s General Meeting of Shareholders (or at a meeting of its Board of Directors in cases where approval at the Company’s General Meeting of Shareholders is not required in relation to the reorganization, etc.), the Company shall lift the Transfer Restrictions on the Allotted Shares with the number of shares that is reasonably determined considering the period from the start date of the Restriction Period to the date of approval of the said reorganization, etc. prior to the date on which the reorganization, etc. becomes effective, by resolution of the Board of Directors of the Company.

In this case, in accordance with the above stipulations, the Company shall automatically acquire without consideration the Allotted Shares on which the Transfer Restrictions have not been lifted as of the time immediately after the Transfer Restrictions were lifted.
