Proposal 3: Revision of Remuneration Amount for Directors

The remuneration amount for the Company's Directors was resolved to be an amount not exceeding 240 million yen per year at the 105th Ordinary General Meeting of Shareholders held on June 29, 2004. In addition, at the 122nd Annual General Meeting of Shareholders held on June 22, 2021, separate from the above remuneration amount, approval was obtained for the introduction of a restricted share remuneration system for our Directors (excluding Outside Directors), with the aim of further aligning their interests with those of shareholders by sharing both the benefits and risks of share price fluctuations and thereby increasing their motivation to contribute to increases in share price and corporate value, subject to a total amount of such remuneration not exceeding 35 million yen per year, and this arrangement has remained in place to the present date. However, in consideration of subsequent changes in economic conditions and other various circumstances, as well as the duties and responsibilities of Directors, and in order to further promote the sharing of interests with shareholders and to more strongly incentivize contributions to improved performance, we propose to increase the proportion of performance-linked remuneration within the remuneration system and, accordingly, to revise the remuneration amount for Directors to an amount not exceeding 340 million yen per year (up to 60 million yen per year in the case of Outside Directors). The restricted share remuneration mentioned above is separate from this and its total amount (up to 35 million yen per year) and details will not be changed.

This proposal has been determined by the Board of Directors following deliberation by the Nomination and Compensation Committee, taking into comprehensive consideration the size of the Company, the number of Directors, and levels at other companies, and we consider it to be reasonable.

It should be noted that the current number of Directors is seven (7) (including three (3) Outside Directors), and if Proposal No. 1 "Election of Seven (7) Directors" is approved and adopted as proposed, the number of Directors will remain seven (7) (including three (3) Outside Directors).

In addition, we propose that the remuneration amount for Directors shall, as before, not include the portion of employee salaries of Directors who concurrently serve as employees.

Proposal 4: Revision of Remuneration Amount for Audit & Supervisory Board Members

The remuneration amount for the Company's Audit & Supervisory Board Members was approved to be an amount not exceeding 60 million yen per year at the 123rd Ordinary General Meeting of Shareholders held on June 21, 2022, and this amount has remained in place to the present date. However, in recent years, the management environment surrounding the Company has undergone significant changes, including increasingly strong demands on listed companies to improve corporate governance and to actively engage in sustainability efforts. In conjunction with this, by comprehensively taking into consideration the increasingly diverse roles and responsibilities expected of Audit & Supervisory Board Members, and the growing importance thereof, as well as subsequent changes in economic conditions and other various circumstances, we propose to revise the remuneration amount for Audit & Supervisory Board Members to an amount not exceeding 80 million yen per year.

There are currently four (4) Audit & Supervisory Board Members (including two (2) Outside Audit & Supervisory Board Members).
